## Swedish Ice Scraper® celebrates the “Lovikka” yarn - 100 years

The Swedish Ice Scraper® is developed and tested under cold conditions in the north of Sweden where valuable experience step by step has contributed to our unique design

*We laser cut our scrapers from thick, solid Acrylic Glass and use diamond polishing to sharpen the scraping edges*

### Other features:

- Asymmetrical shape gives plow-effect and access to narrow window corners
- Diamond polished scraping edges for optimum sharpness
- Built-in wiper cleaner

The new model pays tribute to the famous Lovikka yarn, with its 100-year history, once created by Erika Aittamaa in the Swedish village Lovikka (north of Sweden)

The Lovikka yarn is particularly strong, extra resistant to cold and wet environment because it is washed and handspun from genuine combed wool according to the authentic 100-year tradition

A perfect hand warmer for our ice scrapers, designed and made in collaboration with the famous Swedish knitwear designer Marie Victoria

The Lovikka series can be purchased in our online store at [www.swedishicescraper.se](http://www.swedishicescraper.se) or at Marie Victoria's shop on Öster Långgatan 20 in the Old Town, Stockholm

Price including gift box 345 SEK
